## Cut Cast Iron Fast With Lenox<sup>®</sup> Diamond<sup>™</sup> Reciprocating Blades.

Snap cutters can crush pipe and leave a ragged, uneven cut. With Lenox<sup>®</sup> Diamond<sup>™</sup>, you get straight, clean cast-iron cutting.

Cuts 3X faster – get through pipes *and* jobs quickly!  
Narrowed kerf edge removes a thinner cross section of material for faster cutting.

Lasts 3X longer – use on more jobs to get more cuts per blade!  
It's made of industrial diamonds embedded in a high-strength nickel alloy braze. Sharper cutting edges maintain sharpness longer than carbide grit blades.

**LENOX<sup>®</sup>** 

Go online to  
[www.dakotasupplygroup.com/contest](http://www.dakotasupplygroup.com/contest)  
and enter the code on the front of this postcard to register for your chance to win a prize from DSG!
